PREMIUM SKINCARE, EXCEPTIONAL RESULTS

## A-Firm Time Reversal

anti-ageing for ages 45+

The A-Firm Time Reversal range has been designed to **address the skincare needs of women over the age of 45** because, at this age, skin needs more specialised care. The Time Reversal range helps **visibly reduce the appearance of lines and wrinkles**. Studies have shown that, **with Time Reversal, skin can look up to 5 years younger**.

The **A-Firm Time Reversal Anti-Ageing Serum**, formulated with a high concentration of carrot root extract, liquorice and sweet almond oil, **reduces the appearance of fine lines and wrinkles after just 3 days**.\* This unique serum stimulates the skin's elastin production, boosts its moisture content and reduces the appearance of discolouration, resulting in skin that looks firmer and more radiant.

The **Anti-ageing Day Cream** provides intense hydration, helping to restore the skin's vitality while making it look and feel tighter and firmer. The sunscreen complex protects against the harmful effects of the sun. **After 24 hours, skin appears fuller and firmer and after 28 days, deep wrinkles are reduced and skin looks and feels stronger**.\*

It is important to include a specially formulated eye cream in your anti-ageing skincare regimen. The **Anti-ageing Eye Cream** has been developed to address multiple signs of ageing while gently caring for the fragile skin around the eyes.

\*Based on a consumer study.

## We are thrilled to announce that building of the Justine Omega Crèche has begun!

Thanks to your generous support, building of the Omega Crèche in the Embo community of KwaZulu-Natal has begun and is expected to be complete within the next three months.

Over half a million rand has been invested in the project, which aims to give children in the community a solid foundation in life.

The crèche will be used as a crafts centre for women after hours and will eventually be expanded into a comprehensive community centre with a clinic and other amenities.

Justine will maintain the facilities with the aim of developing and supporting the impoverished Embo community over the next few years.
