March 2025 Brochure
1 – 31 March 2025

Healthy, Radiant Skin Starts with Self-Care

Your skin is personal. It is the most visible part of you, & it needs only the best care. At Justine we know how important & unique your skin is. We also know that the best skincare routine starts with self-care.

Our skincare products are formulated with naturally derived, effective ingredients that nourish & protect your skin – whatever your skin type. But the right skincare products can go so much further when you realise that skincare is part of a broader wellness routine including hydration, nutrition & self-care.

To get the most out of your skincare routine, follow these helpful guidelines:

Use all the products in your favourite skincare range for better results

Ensure you drink plenty of water & keep hydrated

Get enough sleep: experts recommend 7-8 hours of good-quality sleep

And finally, reduce stress, as stress can be harmful to your skin

As you move into a deeper season of self-care, your skin will start reaping the benefits. It is the season of radiance & health. It is your season.

Transform your Routine, Transform your Skin

Stop adding layers of products, & rather create a harmonious skincare routine where the products complement each other to prevent irritation & amplify the benefits.

FortiGrain® has a powerful 3-part complex of botanical grains & vitamins to nourish your skin for a more radiant complexion.

Grain Phase

Nourishes & soothes dry skin
