# Thank you!

The holidays are here & we've wrapped up your last-minute gifting so you can get on with the celebrations!

We also want to thank you for all your support during 2021.

You helped us to uplift impoverished communities across our country through our Thuthukisa Together initiative & you helped us to dedicate over R3.5 million to our iThemba Walkathon Crusade against breast cancer.

We could not have done this without you!

With love, as always,

Justine

All the proceeds from our iThemba & Thuthukisa Together products are donated to our charity partners.

# WHY MEN NEED A GOOD SKINCARE ROUTINE

Men's skin is around **25% thicker** than that of women's due to **androgen stimulation**.

Your skin also has a **higher collagen** density than women's skin – their skin being 15 years older than men of the same age.

Although you are lucky in this sense, you do have different skincare concerns to women due to the following factors:

- Men tend to have **more active sebaceous glands** and bigger pores – this means that men's skin is often oilier & shinier.
- However, when **signs of ageing** do appear, they come with a bang – they often **occur quickly & more noticeably**.
- Lastly, your **shaving routine** is stressful for the skin – shaving causes skin to be more **sensitive, vulnerable & irritated**.

**Our Skin Management For Men range is specially formulated to groom & care for your skin.**
